Waterfalls & Paronella Park

Mena Creek Falls

Curtain Fig Tree

Millaa Millaa Falls

Spot the shy Lumholtz's Tree Kangaroo

Your Tour: This Eco Certified Tour departs the Cairns' coast, and ascends the Lamb Range providing panoramic views of the Mulgrave River Valley from Heale's Lookout.

Board the first morning cruise on the calm waters of the extinct volcanic crater, Lake Barrine. View the Lake's abundant wildlife and marvel at the vibrant, old growth World Heritage listed rainforest surrounding Lake Barrine whose deep waters are filled by crystal clear rainwater. Back on land a short walk reveals the Twin Kauri Pine Trees - amongst Australia's largest trees, these 1000 year old forest giants are amongst Australia's largest trees.

Our next stop is Allumbah Pocket where we hope to catch a glimpse of the elusive platypus in its natural creek habitat.

After a short journey you will be guided along boardwalks to the ancient Giant Curtain Fig Tree - an amazing accomplishment of nature! The surrounding forest is also known to be home to the shy Lumholtz's Tree Kangaroos.

We then commence our tour of the Waterfalls Circuit with world-famous Millaa Millaa Falls (featured in many film productions), a brief swim in the cool waters is possible here.

Travel through rich dairying pastures to Mungalli Creek Dairy which is North Queensland's only certified organic dairy farm producing biodynamic dairy products - enjoy a free cheese and yoghurt tasting.

Upon arrival at Mungalli Falls enjoy an excellent 2 course lunch. Served outdoors in our own private gazebo, uniquely situated atop Mungalli Falls (the Tableland's tallest falls), it is certainly a special location and an experience to remember.

Descending the range, we stop at Crawford's Lookout for an amazing view of the North Johnstone Gorge. Arriving at Paronella Park you will be accompanied by the park's knowledgeable guide for an extended leisurely tour of the National Trust listed Heritage gardens and castle ruins. There is free time to view the museum and the remains of North Queensland's first hydro-electric plant which Jose Paronella built on the beautiful Mena Creek - feed the fish and the turtles or relax below the Mena Creek falls.

Your tour concludes with a scenic drive home passing Mt Bellenden Ker and Mt Bartle Frere two of Queensland's highest mountains.

Included features
